

*The time has come to thank all who have touched
our lives during the year,*

To wish you a Merry Christmas whether you're far or near.

We pray that the true meaning of this time would live in your hearts,

that you would be blessed and peaceful and laugh a lot.

Our wish for the New Year is that your joy would increase,

that your dreams would come true and you would have peace.

For every blessing you've sent our way,

May God in return, bless you on this most special day!

With love and appreciation from all at Shepherd's Keep
